The Supervisors drove all township roads and report as follows:

The Township roads were in good condition considering the lack of moisture. We felt that Guthrie's roads compared higher than most we have seen.

275th – Some wash boarding – Gravel and signage OK

444th – Gravel and signage – OK

460th – We will need to move the Dead End sign at the end of the road 60 feet to the east for better viewing. There is also a hole in the north side of the ditch by the “lot 9” sign that needs to be filled

450th – The grading looks so light that we could not tell is was bladed in many areas. We will speak to Gladens on this concern. The brushing on this road was also not up to par.

Roxbury Drive – We will call Gladens to see when they will grade this. We also reviewed the new resident's culvert and will ask Amanda if the aprons were invoiced. Information sent to Amanda on May 27, address is below. Walker Pipe was also looking for a tax exempt form.
